

Italy–Venezuela Workshop on Seismic Hazard and Resilience

From Active Tectonics to Seismic Microzonation

26–28 August 2026

University of Camerino, Italy

Hybrid Event (*Online Participation Available*)

Workshop Topics

- Recent Seismic Activity in Venezuela
- Seismic Microzonation
- Local Seismic Response: Introduction to STRATA
- Seismotectonics of Central Italy
- From Seismic Risk to Community Resilience
- The Role of Geophysical Societies in Earthquake Resilience

**FREE
TO
ATTEND!!**

Speakers

- Prof. Michael Schmitz
- Dr. Lucia Luzi
- Dr. Giulio Brunelli
- Dr. Tiziano Volatili
- Dr. Flavio Stimili
- Eng. Massimo di Giulio Colimberti
- Prof. Miller Zambrano
