Please note that these amounts may slightly vary in the event of any further updates by the National Authorities.

* The monthly rate of the scholarship is increased by an amount of 50% per month, in case of mobility abroad.

* Each PhD student, with or without scholarship or other forms of support, **has a budget for research activity** in Italy or abroad of at least **€4,879.20** during the three-year course. This budget can be used in accordance with the rules established by Italian law, regulations and UNICAM guidelines.

The scholarship is paid to the doctoral student in deferred monthly instalments (each instalment is paid the following month) and after the enrolment procedure is definitively completed (for foreign doctoral students, it occurs only after their arrival in Italy). As regards PhD students enrolled starting from November 1st, the disbursement of the first month's scholarship will take place within the month of December. As regards PhD students enrolled after the above date and within the terms set out in the notice, payment for the November/December months will take place by the end of January; the payment of the scholarship requires that the PhD student has an Italian Tax Code and is the holder of an adequate Italian/online bank account.

This communication must be sent to the SAS offices (postlaurea@unicam.it) no later than 31st July of each year. The university administration may carry out checks on the veracity of the aforementioned self-certifications.

In the event that the annual emoluments of the PhD student with scholarship, during the course of the PhD programme (with the exception of the year of issue of the Call) exceed the annual amount of the scholarship net of charges, the PhD student shall forfeit the receipt of the scholarship, with the obligation to repay the amount already received in the reference calendar year.
